## A WARM WESTERN WELCOME

Manitobans are noted for their friendliness—and you will quickly discover this for yourself when you come to Manitoba. We will try to do everything possible to make your vacation pleasant and enjoyable.

Manitoba is full of interesting things. That's why so many vacationers come each year to visit Manitoba—and return bringing their friends. There is so much to see—so much to do—so many places to go—that each minute of your visit will be filled with memory-making adventure.

This pamphlet contains answers to many of the questions asked by prospective visitors. We hope you will find it helpful in planning your Manitoba vacation.

Sailing is one of many popular outdoor sports.

Sunset at Clear Lake, one of Manitoba's beauty spots.

### IT'S EASY TO ENTER CANADA!

Visitors from the United States have no trouble entering or leaving Canada. You do not require a passport, if you are a United States citizen. Here's all you have to do—simply report to the Canadian Immigration and customs officers at the port of entry and obtain the requisite permit for admission of your car and outfit. This permit entitles you to travel in Manitoba or any other part of Canada, by any means you choose, for a period of sixty days. This may be extended for a period of time up to six months.

If you come by train or bus, you will be contacted by Canadian Officials.

You may bring into Canada for personal use, free of duty or deposit, your automobile, trailer, motorcycle, bicycle, personal effects, cameras, golf clubs, fishing tackle, portable boats, outboard motors, tents, camp equipment, dogs, and various other articles. All, of course, must be reported fully to Customs Officials. **ALL DOGS FOR ENTRY INTO CANADA FROM THE UNITED STATES SHALL BE ACCOMPANIED BY A CERTIFICATE SIGNED BY A VETERINARY INSPECTOR OF THE U.S. BUREAU OF ANIMAL HUSBANDRY OR A CERTIFICATE SIGNED BY A LICENSED VETERINARIAN OF THE STATE OF ORIGIN.**

A visiting United States citizen may leave Canada either by port of entry or by any other port, by any air or bus line or railway. American citizens returning to the United States may be required by the examining immigration officer at the border to produce evidence of their citizenship.

It is advisable that persons departing from the United States equip themselves with evidence of their right to return, in the form of such identifying documents as a passport, either valid or expired, birth or baptismal certificate, voter's certificate, tax receipts, letters of identification from a bank manager or responsible official, personal letters, motor car license, driver's license or similar papers. Naturalized citizens should carry their naturalization certificates.

### YOU CAN TAKE HOME CANADIAN GOODS

Visitors may take out, or have sent to them after they leave Canada, any goods purchased in Canada for personal or household use. **PROVIDED YOU HAVE BEEN IN CANADA AT LEAST FORTY-EIGHT HOURS**, United States tariff regulations allow you to take into the United States, entirely duty free, goods of the above description up to the value of \$100.00. Each member of a family is entitled to this exemption of \$100.00. When husband and wife or parents and minor or financially dependent children are travelling together, such exemption may be grouped and allowance made without regard to which member is the owner. All articles claimed within the exemption must be declared to the United States Customs Officers at the port of entry whether or not goods accompany the traveller. Examination will be facilitated if receipted bills for the purchases are presented. Visitors may bring into Canada any amount of money they desire and they may take out with them on their return home any balance which they have not spent in Canada. Your United States currency may be used anywhere in Canada, to purchase goods, pay hotel bills, etc.

## DRIVING TO MANITOBA?

• Here's what you have to know about Manitoba's Safety Responsibility Law.

In the event that you become involved in an accident in Manitoba where the property damage apparently exceeds \$25.00 or where there is bodily injury or death:

1. Report the accident as soon as possible and in any event within 24 hours to a police officer;
2. If your car is impounded, get in touch with the Registrar of Motor Vehicles, Telephone number 907 349 (Winnipeg) and upon your complying with the requirements of the law as hereinafter mentioned, he will facilitate the speedy release of your motor vehicle;
3. If you can satisfy the Registrar of the particulars of your insurance re personal liability and property damage, your motor vehicle can be released in 24 hours or less;
4. If you do not carry personal liability and property damage insurance, you can obtain the release of your motor vehicle:
  - (a) By producing to the Registrar proof that you have satisfied all claims against you for damages; or
  - (b) By putting up security in a sum sufficient to satisfy any judgment that may be obtained against you; and
  - (c) In addition to (a) or (b) satisfying the Registrar as to your responsibility for the future.

### Benefits you Receive From the Law:

1. If the other motorist has not got proof of financial responsibility, his car will be forthwith impounded and if necessary

will be held for six months pending his settling any legitimate claim you may have against him arising out of the accident.

2. His driver's licence and privilege of registering a car will be forthwith suspended pending settlement of your claim.
3. If you sue him and cannot collect on your judgment for personal injuries you may apply to the court for an order directing payment of your judgment from the Unsatisfied Judgment Fund of the Province of Manitoba. Payment from the fund shall not exceed \$5,000 exclusive of costs for death or bodily injury to one person and shall not exceed \$10,000 exclusive of costs for death or bodily injury to more than one person in one accident. This fund is obtained by a levy of \$1.00 upon resident owners of motor vehicles. Non-residents receive the benefits gratis.

The Government has made provision whereby a non-resident contemplating a trip to Manitoba may obtain from his insurance company before he leaves his home town, a pink Motor Vehicle Liability Insurance Card of the Province of Manitoba. While it is not necessary to be in possession of one of these cards at the time of the accident in Manitoba, nevertheless the fact that you have one of these cards in your possession will save you from even temporary embarrassment, since production of the card to the police will prevent your car from being impounded unless you have also been guilty of a criminal offence.

All insurance companies in the United States can obtain these cards by complying with the simple requirements of the Superintendent of Insurance of the Province of Manitoba. Many insurance companies have already obtained the cards.

This law has been enacted for your safety and for your protection against the irresponsible motorists.

OF ADVENTURE"

## FLYING TO MANITOBA?

If you plan to fly to Manitoba in a private plane (not on a regular scheduled passenger flight) the following information is important:

### Advance Notice of Arrival—

- (a) Prior to departure for Canada from a foreign airport, advance notice of date and approximate time of arrival shall be given to the proper officer of Customs.
- (b) Advice to Customs officers as to time and place of first arrival at a Canadian Customs airport shall be forwarded by telegraph, and the journey shall not be commenced until a telegraphic reply (sent collect) has been received from the Canadian Customs officer. The importance of this will be realized when one considers the possibility of overflying the intended airport, or landing at another place by mistake, or making a forced landing, in all of which cases the reply from the Canadian Customs officer will assist in establishing the bona fides of the tourist in making his report to Customs or the Royal Canadian Mounted Police, as the case may be.

### Formalities on Landing—

- (a) First alighting of the aircraft shall be made at a Customs airport or airfield designated as such by the Department of Customs. In Winnipeg it is Stevenson Airport.
- (b) On arrival, the owner or pilot of the aircraft shall report to the proper officers of Immigration and Customs, and the Customs officer may issue Permit Form C-15 for a period not exceeding three months.

- (c) Should subsequent landings be made in Canada prior to final departure, no report at Customs is necessary provided the owner or pilot is in possession of a valid Form C-15. However, he shall produce the same to Customs or airport officials, or police authorities, on request, as evidence of his right to alight without report at Customs.

### Formalities on Departure—

The owner or pilot of the aircraft shall report to the proper officer of Customs and surrender Permit Form C-15.

### Fees and Charges—

- (a) No fee will be collected for Customs attendance in connection with reports inward and outward of aircraft for pleasure purposes, or for the issuance of Form C-15.
- (b) No charge will be made except when service is requested and provided at (i) airports or airfields outside the hours during which a Customs officer is regularly on duty, and (ii) airports or airfields at which no Customs officer is regularly on duty. In such cases, an officer's full transportation shall be repaid by the parties accommodated.

Regular and charter air service.

Miles of spacious, sandy beaches.

## BRINGING A FIREARM?

Here are regulations concerning the use of firearms in Manitoba:

1. Each American visitor must have a weapon permit (Form 76B) to have a shotgun or rifle in his possession in Canada. An application form for such permit may be obtained from the Travel and Publicity Bureau, Legislative Building, Winnipeg, Manitoba. This application must be completed and mailed to:

The Officer Commanding,  
Royal Canadian Mounted Police,  
1091 Portage Avenue,  
Winnipeg, Manitoba.

2. It is necessary that you submit a reference as to your character—this to be obtained from the local Chief of Police, or other similar prominent person—or give name of Gun Club or other Association with which you may be affiliated in Canada. (Please disregard if permit issued in any previous year.)
3. Permits may be issued for weapons for sporting purposes; or for revolvers only when required for target practice in a regularly organized shooting club.
4. Permits when issued authorize the importation of ammunition suitable for the firearms mentioned thereon. Fifty (50) rounds of ammunition may be brought in free of duty or deposit. Additional quantity of ammunition is dutiable.

The permit authorizes the purchase of ammunition in Canada.

5. If possible, please specify in your reply the particular port of entry at which you will be reporting upon arrival in Canada.
6. Information regarding the game seasons, licenses, etc., of the Province of Manitoba can be obtained by writing to the Director, Game and Fisheries Branch, or The Travel and Publicity Bureau, Legislative Building, Winnipeg, Manitoba.
7. In Manitoba it is unlawful to use an automatic or auto-loading shotgun; or a pump or repeating shotgun with a magazine which has not been permanently plugged or altered so that it cannot carry more than two shells in the magazine, or any gun larger than a ten guage at any time for hunting game birds. No game birds or other waterfowl shall be hunted from an aeroplane, sailboat, yacht, launch, boat or canoe propelled by steam, gasoline or other mechanical power. No person shall carry or discharge a rifle or other weapon using ball cartridges on any marsh during an open season for game birds or hunt geese or ducks at any place with such weapon.

It is illegal to shoot from any aeroplane or vehicle or to carry a loaded firearm in or on any aeroplane or vehicle. The use of a .22 calibre rimfire rifle is prohibited in hunting big game.

An Export Permit is required for taking game out of the Province. It is issued with the hunting license, and there is no fee charged.

Loading grain for Europe at Churchill, Manitoba's northern port.

# Manitoba

## IS NEARER THAN YOU THINK!

### BY ROAD

You can reach Manitoba's Vacationland easily by bus or your own car. The Greyhound Bus has three daily schedules from Minneapolis and Fargo, with connections from all parts of the U.S.A. Winnipeg is approximately a five or six-hour drive from Fargo, N.D., over all-paved roads. The main port of entry is at Emerson and Noyes, where U.S. Highways Nos. 75 and 81 join with

Manitoba's Trunk Highway No. 75. Another port of entry is at the International Peace Garden, where U.S. Highway No. 3 joins Manitoba's scenic Highway No. 10, a direct route to Riding Mountain National Park and points North of '53. From Winnipeg, buses operate to all Manitoba points daily, and during the summer season there is a twice-a-day schedule to beach and resort areas. Yes, Manitoba is your next-door neighbour on the highways.

### BY RAIL

Daily rail service from Minneapolis is given by Northern Pacific, Great Northern, and Soo Line; and Duluth has a six-times-a-week service. From Winnipeg, the C.N.R. and the C.P.R. operate weekend excursions in addition to the usual summer schedule of service to beaches and resorts on Lake Winnipeg. The Pas and Flin Flon, North of '53, are serviced by six C.N.R. trains weekly and from there to Churchill the Hudson Bay Railroad has a twice-a-week run. Yes! Rails will speed you to your Manitoba Vacation . . . in all some 75 trains arrive and depart daily from Winnipeg Railway Stations.

### BY AIR

Quick flights connect the United States with Manitoba. Northwest Airlines operate two daily flights connecting Winnipeg with Fargo, N.D., and Minneapolis. From Winnipeg, Trans-Canada Air Lines operate four trans-continental flights daily to both coasts with connections for southern points. A scheduled service within the Province is operated by Canadian Pacific Air Lines between

Winnipeg, Dauphin, The Pas and Flin Flon, and charter services fly throughout the north country. Today, Manitoba's Adventureland is closer than you think.
